WHAT'S NEW

What a year it has been!

It's a busy and exciting time of year in our classroom, and we have many fun activities planned for our children. Lots of Christmas activities are planned for this upcoming festive season.

Your little ones have grown so much and we look forward to celebrating this season with them!

THIS MONTH

This month, we'll be exploring Christmas-themed crafts, practicing fine-motor skills with festive activities, and talking about kindness, gratitude and giving.

Our Children will practice early math by counting small sets, sorting items by size, color and shapes.

Our science experiences include ice, snow, winter animals stories and weather changes.

REMINDER

AS THE WEATHER GETS COLDER,
PLEASE MAKE SURE YOUR CHILD
COMES DRESSED WITH WARM
CLOTHES AND FULL WINTER GEAR,
SO THEY CAN ENJOY WINTER
ACTIVITIES SAFELY

Be sure to follow our Procure App for the latest updates. We'd also love to see you at our next Holiday Open House. You are welcome to join us and enjoy a magical night with us!
