

October 2024 Dragonflies

Dear Parents,

Your children are adjusting well to a new routine and schedule. They keep us busy with their energy and enthusiasm! Cooler weather will soon be arriving, so please dress your child appropriately; please label coats, hats, etc. with your child's name to avoid mix-ups and lost items.

Last month, we painted with colored ice cubes and discovered that ice melts when it's not in a cold place. We read lots of Pete The Cat books and made cupcakes. The kids enjoyed learning about different kinds of weather and pets. They also did lots of fun things with apples.

This month, we will discuss all things relating to autumn, such as pumpkins, leaves changing color, harvest, etc.

Parent/Teacher Conferences will be the week of November 4-8. At the end of the month we will be having an Autumn Celebration Party. Your child may dress up in a costume for the party. Please avoid witches, ghosts, skeletons or anything that would promote aggressive behavior.

If you would like to bring in something to eat or drink for our party, there will be a sign-up sheet in the hallway.

**Sincerely,
Ms. Gwen
Ms. Trang**
