

2024 Bumble Bees

Hello Bumble Bees Family

The children have adjusted to their new room, and we are off to a great new school year! I don't know about you, but fall is one of my favorite seasons! Pumpkin, hayride, and leaves changing colors are just some of the things that make the season so special! I absolutely love to teach about fall/autumn because the discovery and the science possibilities are endless. We will spend some time outside exploring and of course collecting leaves! Be aware of leaves following them home. (Especially in their hair.)

There's nothing like rolling in the leaves or throwing handfuls in the air and watch the leaves rain down on us! On Thursday, October 31th we will be having a Harvest party. Feel free to send your child with a costume. Please make sure it child friendly. We would prefer no superheroes and anything scary. There will be a sign-up sheet outside of our door.

Thank you,
Ms. Karen, Ms.
Maddie

Reminder

Cooler weather will soon be arriving so please dress your child appropriately, please label coats, hats, ect to avoid miz-ups and lost items.
